Some issues are accompanied by a CD-ROM on a selected topic.

The purpose of this book is to present in a monographic and systematised form a review of all the literature devoted to polyurethane-based polymeric sorbents in separation chemistry. The primary types of sorbents dealt with are polyurethane foams and open-pore polyurethanes. The structure of the monograph follows this dichotomy. A book of this nature should stimulate thinking and incite its reader to consult the original literature. It will, however, not make such a consultation superfluous. A fair amount of the results described in this monograph constitute the main activity of investigation which took place in the authors laboratories during the past decade.

In 1926, radium was a miracle cure, Madame Curie an international celebrity, and luminous watches the latest rage- until the girls who painted them began to fall ill with a mysterious disease. Inspired by a true story, Radium Girls traces the efforts of Grace Fryer, a dial painter, as she fights for her day in court. Her chief adversary is her former employer, Arthur Roeder, an idealistic man who cannot bring himself to believe that the same element that shrinks tumors could have anything to do with the terrifying rash of illnesses among his employees. As the case goes on, however, Grace finds herself battling not only with the U.S. Radium Corporation, but also with her own family and friends, who fear that her campaign for justice will backfire.

What's the worst thing that can happen to a werewolf? Unable to shift for three months, Mateo Cruz knows all too well. His wolf has taken up residence in his head, taunting him night and day with vividly violent and carnal thoughts. Convinced he's cursed, he needs the help of a powerful witch before he literally goes insane. Evie

Savoie has always obeyed the house rules of her coven--no werewolves. They're known for being moody and volatile. So, when a distempered, dangerous werewolf strolls into the bar and almost strangles one of her late-night customers, she's ready to bounce him through the door. But the desperation in his eyes when he begs her to help him softens her heart and convinces her to bend the rules. What Evie doesn't know is that Mateo's wolf has a mind of his own. And now that she's in his sights, he wants only one thing. Her.

There's more to me than just being awkward. I own my own flower shop, have some great friends, and I have my eye on adopting the most adorable kitten. But sadly, hot guys don't tend to be blown away by my trivia-spouting, dorky self. So when a Thor-lookalike who happens to be a professional hockey player hits on me at my bestie's wedding rehearsal party... You better believe I climbed that tree like a cat. And the fact that it happened not once, not twice, but three times? Yeah, that's pretty much a once-in-a-lifetime experience for a woman like me. There's zero chance I'll end up ever seeing him again...right? Until the pregnancy test comes up positive. What happens next? Oh my God, I wish I knew... Each book in the Ice Knights series is STANDALONE: \* Parental Guidance \* Awk-Weird \* Loud Mouth

Fans of Cassandra Clare's Mortal Instruments series will be drawn to Wendy Higgins's sexy, thrilling Sweet Evil series. What if there were teens whose lives literally depended on being bad influences? This is the reality for sons and daughters of fallen angels. Tenderhearted Southern girl Anna Whitt was born with the sixth sense to see and feel emotions of other people. She's aware of a struggle within herself, an inexplicable pull toward danger, but Anna, the ultimate good girl, has always had the advantage of her angel side to balance the darkness within. It isn't until she turns sixteen and meets the alluring Kaidan Rowe that she discovers her terrifying heritage and her willpower is put to the test. He's the boy your daddy warned you about. If only someone had warned Anna. Forced to face her destiny, will Anna embrace her halo or her horns?
