woman's most literal rite of passage" (Baltimore Sun). *Gilgamesh* is a rich, spare, and evocative novel of encounters and escapes, of friendship and love, of loss and acceptance, a debut that marked the emergence of a world-class talent. It is 1937, and the modern world is waiting to erupt. On a farm in rural Australia, seventeen-year-old Edith lives with her mother and her sister, Frances. One afternoon two men, her English cousin Leopold and his Armenian friend Aram, arrive—taking the long way home from an archaeological dig in Iraq—to captivate Edith with tales of a world far beyond the narrow horizon of her small town of Nunderup. One such story is the epic of *Gilgamesh*, the ancient Mesopotamian king who traveled the world in search of eternal life. Two years later, in 1939, Edith and her young son, Jim, set off on their own journey, to Soviet Armenia, where they are trapped by the outbreak of war. Rich, spare, and evocative, *Gilgamesh* won The Age Book of the Year Award for Fiction and was shortlisted for the Miles Franklin Literary Award. "Bold and beautiful . . . [An] astonishing saga . . . A woman as epic hero? It's high time." —Cathleen Medwick, O, *The Oprah Magazine*

A girl's disappearance in Australia induces a family reckoning in this "dark and lovely work . . . full of elegance and mystery" (The New York Times Book Review). A two-time winner of Australia's prestigious The Age Book of the Year Award, Joan London's debut novel, *Gilgamesh*, a New York Times Notable Book, was published to rapturous acclaim both in her native Australia and in the United States. Now, London delivers *The Good Parents*, a "completely absorbing" tale of mother love and the harrowing moment when a daughter spreads her wings and vanishes from her parents' orbit (The Boston Globe). Maya de Jong is a shy, sweet, eighteen-year-old country girl who moves to Melbourne and begins an affair with her older, married boss. When Maya's parents, Toni and Jacob, arrive for a visit, Maya is gone, and no one knows where. Maya, for reasons of her own, leaves haunting clues in late-night calls to her brother at home, carefully—and puzzlingly—avoiding detection by the two people who love her most. Ultimately, to find her daughter Toni will have to revisit a part of her own past that she thought she had shut off forever—the closest she ever came to being a lost girl herself. *The Good Parents* is a stunning portrait of familial love, delusions and compromises, and how far we can drift apart in the moments between the words we speak. Enthralling, unsettling, and riveting, this "arresting novel . . . explains the attraction of bad love for young women attempting to break free" (The Independent).

Longlisted for the Wellcome Book Prize 2017 A moving story about transition between illness and recovery, childhood and maturity, life and death. Thirteen-year-old Frank Gold's family escaped from Hungary and the perils of WW2 to the safety of Australia, but not long after their arrival Frank is diagnosed with polio. Sent to a sprawling children's hospital called The Golden Age, he meets Elsa, the most beautiful girl he has ever seen, and a vocation for poetry. Frank and Elsa fall in love, fuelling one another's rehabilitation and facing the perils of polio and adolescence hand in hand. Meanwhile Frank and Elsa's parents must cope with their changing realities. Margaret, who has sacrificed everything to be a perfect mother, must reconcile her hopes and dreams with her daughter's illness. Frank's parents are isolated newcomers in a country they don't love. Ida, a renowned pianist in Hungary, refuses to allow the western deserts of Australia to become her home, while her husband Meyer slowly begins to free himself from the past and find his place in the Perth of the early 1950s.

'Strong, streamlined and remarkably lovely' - Francine Prose, The New York Times *Gilgamesh* is the epic story of a mother's search for the father of her child - from Australia to Armenia via England and Mesopotamia - all under the shadow of the imminent, and soon to be very real, Second World War. Narrated in a clear, poetic voice, it is a portrayal of the different journeys we choose to take through life and what happens when ordinary people get caught up in extraordinary, seismic events.

'Show me something I've never seen before and will never be able to forget - if you can do that, you can do anything.' It's 1957, long before computers have replaced the trained eye and skilful hand. Our narrator at State University is determined to major in Art, and after several risible false starts, he accidentally ends up in a new class: 'Introduction to Graphic Design'. His teacher is the enigmatic Winter Sorbeck, equal parts genius, seducer and sadist. Sorbeck is a bitter yet fascinating man whose assignments hurl his charges through a gauntlet of humiliation and heartache, shame and triumph, ego-bashing and enlightenment. Along the way, friendships are made and undone, jealousies simmer, and the sexual tango weaves and dips. By the end of their 'Introduction to Graphic Design', Sorbeck's students will never see the world in the same way again. And, with Chip Kidd's insights into the secrets of graphic design, neither will you.

*The Law of Dreams* tells the story of a young man's epic passage from innocence to experience during The Great Famine in Ireland of 1847. On his odyssey through Ireland and Britain, and across the Atlantic to "the Boston states," Fergus is initiated to violence, sexual heat, and the glories and dangers of the industrial revolution. Along the way, he meets an unforgettable generation of boy soldiers, brigands, street toughs and charming, willful girls – all struggling for survival in the aftermath of natural catastrophe magnified by political callousness and brutal neglect. Peter Behrens transports the reader to another time and place for a deeply-moving and resonant experience. *The Law of Dreams* is gorgeously written in incandescent language that unleashes the sexual and psychological energies of a lost world while plunging the reader directly into a vein of history that haunts the ancestral memory of millions in a new millennium.
