Irvine loses direction in BOOK TWO of The Messiah Conspiracy very quickly. Where events escalated very quickly into a plausible premise, this second book falls flat on it's face! The Messiah Conspiracy is a fictional thriller dealing with Genetics. Hugely controversial, you will either love this book or hate it. A young student at Oxford University has an idea for his doctor's thesis (Ph.D.), which fulfils not only the criteria for 'originality', but goes far beyond it. Jason's idea is simple: In the genetics laboratory at Oxford University, he will clone Jesus Christ.

Was Jesus the invention of a Roman emperor? The author of this ground-breaking book believes he was. "Caesar's Messiah" reveals the key to a new and revolutionary understanding of the origin of Christianity, explaining what is the New Testament, who is the real Jesus, and how Christ's second coming already occurred. The clues leading to these startling conclusions are found in the writings of the first-century historian Flavius Josephus, whose "Wars of the Jews" is one of the only historical chronicles of this period. Closely comparing the work of Josephus with the New Testament Gospels, "Caesar's Messiah" demonstrates that the Romans directed the writing of both. Their purpose: to offer a vision of a "peaceful Messiah" who would serve as an alternative to the revolutionary leaders who were rocking first-century Israel and threatening Rome. Similarly, "Caesar's Messiah" will rock our understanding of Christian history as it reveals that Jesus was a fictional character portrayed in four Gospels written not by Christians but Romans. This Flavian Signature edition adds Atwill's latest discoveries of numerous parallel events in sequence which ultimately reveal the identity of the true authors of the Gospels.

Assessing the contents of a lavish English estate, museum conservator Angela Lewis discovers a crate full of sealed pottery jars-one of which holds a parchment which describes the life and times of Jesus of Nazareth. For Angela, the find is a miracle-a written reference to Jesus outside of the New Testament. But her discovery draws her and her husband, Chris, into a centuries-old race for the truth that they may not win...or survive.

Destiny Allen, a Web designer for software giant Scenaria Security Systems, finds herself involved in a deadly puzzle that blurs the boundaries between the virtual and the real. At stake: the infrastructure of modern America. Her resources: Dina Gustafson, a college friend, and Karl Lustig, an Israeli technology journalist with friends in dark places. The challenge: sort the good guys from the bad before the lights go out. A fast-paced technology thriller, *Web Games* is about real risks and virtual worlds, about Internet threats as close as tomorrow's nightly news, and about the ever-escalating warfare between black-hat hackers and modern society.

In 2190, New America celebrates its first centennial, marking the time when a wandering rogue turned into a Prophet Warrior rebuilt the battle-scarred country on Five Key Principles for Survival he found in the pages of the onetime controversial 21st century novel called *The Book of Tomorrows*, written by someone known only as *The Author*. A young couple meets for the first time through a government mandated Selected Breeding Program and fall in love at a museum, where they join a group of schoolchildren on a computer guided history tour. Then a hereditary link to the young couple reveals a dark conspiracy that forces them on a fateful journey through the past to save their future tomorrow. An epic trilogy within a trilogy, *The Book of Tomorrows* is a suspense-filled conspiracy thriller steeped in dark secrets, hidden pasts, and ancient truths that might just turn out to be the first true story prophetically set 175 years in the future. Starting the story at the end, it tells a realistic tale of a visionary New America, and most important, how it got that way. *The Book of Tomorrow* begins with *Volume One: Forever Tomorrow*, *Book One: Bright Night Past Yesterday* & *Book Two: Dark Light Present Today*, while saving *Book Three: Evening Dawn Future Tomorrow* until the end of the trilogy. *Forever Tomorrow*: is also readable as its own separate trilogy that the whole family can enjoy. While *Volume 2: I, Messiah* & *Volume 3: The Prophet Warrior* tell much darker stories more mature readers can pass down to their children when old enough. Each volume tells a complete story the reader can enjoy separately, chronologically, or as numerically conceived-starting and ending with *Forever Tomorrow*. A suspense filled mystery with cliffhanger endings, heroic sacrifices, and a sly wit, it is a thrilling action adventure motivated by a dark conspiracy, strong bonds of friendships, and a powerful love story. *The Book of Tomorrows* is a futuristic fable that is not about alien spaceships, supernatural beings, or miraculous endings; instead it is a relevant, thought provoking, profound look at what could happen in a world gone mad with a cancerous greed for wealth and power, breeding a hypocrisy of truth that will one day leave mankind with the final choice to either live smart or be doomed to die stupid. Let us just hope it won't be too late.

Author Mark F. Kalita's release of "Hidden Messiah: Roman Conspiracy of Christian Apostasy" claims that the prophecy of horns within the seventh chapter of Judaic prophet Daniel's book is about the Roman Catholic Church. Mark also claims to have deciphered the true calculations of the "End Times" using the Judaic Jubilee calendar to show that the second witness is currently upon the earth. In his new book, Mark writes that this second "witness" was born in 1963 and has been giving testimony to a world overcome with denial. "If you look at history within the proper context and realize that the prophecy of Daniel was about spiritual matters and not of a temporal kingdom, the truth becomes clear. Zechariah quotes God as saying, "Not by might, nor by power, but by my spirit" as did other prophets, so why would this be a temporal matter?" questions Mark in a recent interview. "In the 300 years after the first one gave his testimony, the emperors of Rome fought in a war over spirit. The Caesars claimed that they were gods. They did not like any other gods. In 380 CE, three Caesars, Theodosius I, Gratian, and Valentinian II, delivered the "Edict of Thessalonica" in order that all their subjects should profess the faith of the Bishop of Rome. The three horns gave their power to the one who was diverse from all the rest of the 10 others." In his book, Mark not only shows that 2014 CE is the beginning of the elusive "End Times", but his calculations also show when the followers of the first one found the "light" and had miracles of spirit, as recorded in the book of "Acts". Using Scriptural reference, Mark explains that Jesus was a man, the first "anointed one" of Judaic prophecy and that there is a second "anointed one" who is alive today. This "Hidden Messiah" is currently warning the people of the earth of the earth changes that will take place in the Judaic year of 5777, 2016 - 2017 CE. "It is unfortunate that the Vicar of Rome has changed the times and the laws. The Judaic Jubilee calendar, as given to the people of the earth by the archangels, tells a fantastic story of the heavens and our place within it," Mark discloses about his work. "The people of the earth must realize that the earth resides within the heavens." Mark uses direct references taken from the "King James Version" of the bible which explains the "two anointed ones" within Judaic and Christian prophecy. The two "messiah" system explained within the book outlines how these two stand at different places within history. "The thing with the dogma of Rome that I found most interesting is that there is no proof for their beliefs within their own canon. Even within the corrupted texts of Paul, he calls their Jesus a man," Mark explains. "I have a great amount of biblical proof within my book to support my findings. I have published volumes of information with direct, substantive quotes and proof from within all religious texts. They tell a far different story than what Rome has made up." "Religions of men were created by men for the benefit of men. In the heavens there is no religion, only the adoration of God. You are in the heavens," Mark concludes. "The family on earth has been given this planet to cherish, steward and keep for all generations of their family. Unfortunately, the Roman dogma runs counter to some very basic tenets within their own canon. Without direct substantive proof, the dogma makes unsupported claims about the heavens. I show a system based in facts and I am branded as evil and twisted. The Roman church has told stories based on no facts from within their own canon since before 380 and they are the "bearers of truth" and the voice of "God" that everyone should follow? Just read "Hidden Messiah: Roman Conspiracy of Christian Apostasy" for yourself and you can make your own decision whether you want to live with truth or within a delusion of a story created by a Caesar approximately 1650 years ago. 2014 is almost gone. 2016 is almost here."
